EDUCATION

Bachelor of Technology in Computer Science and Engineering, *GLA University, Mathura* 2019-2023

Intermediate, SGM Inter College, Fatehabad, Agra May 2019

High School, SGM Inter College, Fatehabad, Agra May 2017

TRAINING EXPERIENCE

GLA University June 2021 - July 2021

React Native

- Learned the basic fundamentals of React Native Language.
- Learned structuring and styling of an application using React Native.
- I designed a simple calculator, a to-dos list, a weather monitoring application.

Tech Vision July 2021 - Aug 2021

Python

- Developed the basic skills of working with various python libraries like Turtle, Matplotlib, NumPy and Pandas.
- Learned the basic fundamentals of python programming with the concept of OOPs.
- I programmed Faulty Calculator, Snake game and Rock-Paper-Scissor game.

Tech Vision July 2021 - Aug 2021

Front End Web Development

- Learned structuring and styling a website using HTML5 and CSS.
- Learned about the basic fundamental of JavaScript.
- Designed a well responsive website.

PROJECTS

BOX Oct 2021 - Nov 2021

Microblogging and Problem-Solving website

- A website for those students who are facing problems in college. It is a platform which can bridge the gap between the person having a problem or a query to the person who can provide its solution.
- It was a team project of 5 members where I had designed and styled the frontend of this website using HTML, CSS, JavaScript and Bootstrap.
- In this Project, I used Visual Studio Code for coding and designing.
